

# Full Stack Software Engineer

for Java, Web and Mobile (f/m/d)

For our locations in Stuttgart, Dortmund and our HQ in Basel (Switzerland), we are looking for experienced Senior Software Engineers.

## Requirements

- ▶ At least 5 years of experience as software engineer with comparable responsibilities
- ▶ Extensive experience in agile software development
- ▶ University degree in computer science, software engineering or comparable
- ▶ Very good knowledge of Java and established technologies on the JVM (e.g. Spring & Hibernate, REST) and web development (e.g. TypeScript, Angular, React, Vue) – Know-how in Python is a plus.
- ▶ Strong customer focus
- ▶ Very good communication skills in English and German
- ▶ High degree of personal responsibility
- ▶ Desire for personal development
- ▶ Team spirit with highly developed communication skills
- ▶ Enthusiasm to undertake business trips from time to time

## Scope of Work

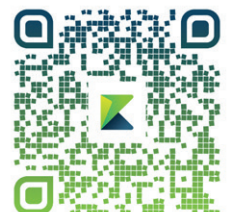

As a Full Stack Software Engineer at Karakun you will

- ▶ Empower users from different industries (e.g. insurance, automotive, finance, government domain) to achieve their goals effectively and efficiently
- ▶ Develop customer-specific software solutions using the latest technologies and tools
- ▶ Guide our customers in requirements definition and then actively contribute to the design of the appropriate software architectures
- ▶ Be part of an agile team consisting of highly motivated software specialists and UX experts from various countries and backgrounds

I'm happy to answer your questions

At Karakun we ask a lot of our employees, which is why we give so much in return. In addition to your competitive salary, flexible annual working time, flat hierarchies, and short decision paths, we offer you further benefits, including:

Profit from **flexible annual working** hours with a **40h work week**, **30 days of vacation**, and a **hybrid work model**.

Choose the **personal hardware, trainings and certifications** that suit you best.

Exchange ideas with your colleagues **after work** during **joint activities** like bowling, climbing, escape rooms...

We offer both centrally located offices (located in Stuttgart, Dortmund and Basel) and **remote work**.

Always be on the pulse by **attending conferences** or by **sharing your knowledge as a speaker**.

We are **100% self-owned**. You can **benefit** directly from our joint success **via shares**.

Play **football**, go **climbing** or **jogging** with your fellow colleagues.

**Review and discuss with all employees** on how to further improve Karakun.

Try out new methods, technologies, and ideas at multiple **code camps** a year in Switzerland and Germany.

Discuss and implement your **professional development** with your Jour fixe partner.

Profit from our extensive **parental leave regulations**. Unpaid leaves are also possible.

Help us **strengthen the open source community** by actively supporting exciting projects.

Karakun is a team of more than 65 IT professionals. The company is headquartered in Basel (Switzerland) and runs subsidiaries in Dortmund, Stuttgart (both Germany) and Mumbai (India).
